

Hooray! We've found it!  
Can you see?  
THIS is Matisse's portrait of  
ME!

*H. Matisse*  
53

He's made my body a block of blue,  
with my shell a spiral of every hue.

An orange border makes the frame.  
This picture brought us both great fame.

It's now in a London gallery –  
I hope one day you'll come and see!
