2. Watch the video and answer the questions

<https://youtu.be/J9CJlPFITlc>

- A boy is speaking about his routine. What's his name?
- How old is he?
- Where does he live?
- What does he do during the lockdown? Tick the right answers in exercise 1.
- What is his routine? Put the verbs in the right order. (re-write them)

3. What are the activities you did but this boy didn't do during the lockdown?

You can use an online dictionary www.wordreference.com .

4. Now, write a little text about your routine during the lockdown. Try to use Frequency adverbs, moments of the day, sequencing words and routine actions! And remember, you **MUST** use the **PRETERIT** !

If needed, you can check out the lesson in your notebook!

Il vaut mieux **écrire peu et s'appliquer** à faire de belles phrases complètes -->

"Between 5 and 6pm, I always played video games" **plutôt que d'écrire 15 activités** avec juste "I played video games".

Et puis... on ne parle pas du dîner avant de l'heure où on se lève. Un peu de chronologie, voyons! ;-)

Don't forget to answer: Do you want to publish your work?

Voilà !
