

## ESTIMER DES MASSES

- ① Relie les éléments à l'unité dans laquelle on mesure leur masse.

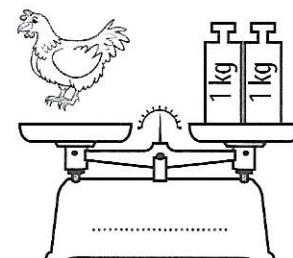

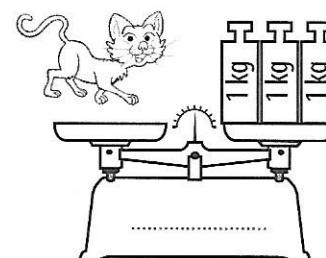

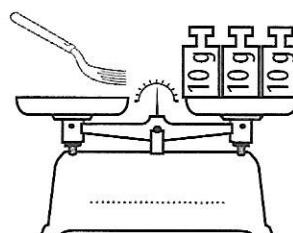

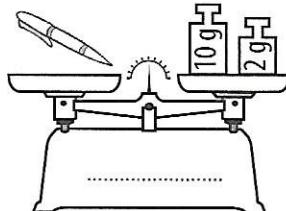

kilogramme

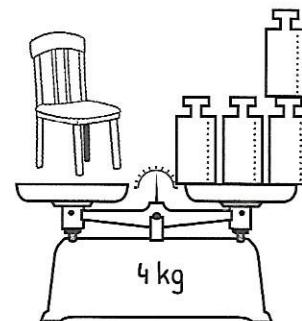

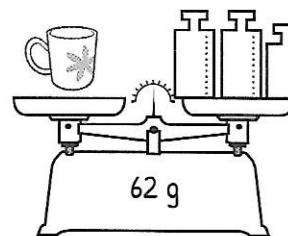

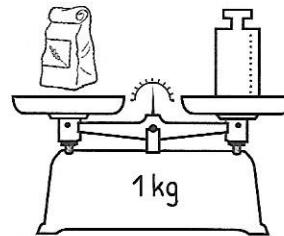

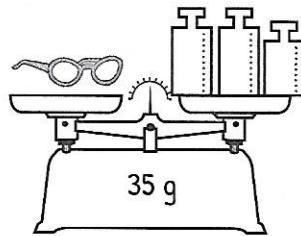

gramme

## MESURER DES MASSES

- ② Écris sur la balance la masse de chaque objet dans l'unité demandée.

- ③ Écris les masses sur les poids pour obtenir le poids inscrit sur la balance.

- ④ Observe la balance du milieu et calcule la masse qui devrait s'inscrire sur les autres balances.
