

Nour BENKHELIFA and
Fatoumata KEÏTA, pupils at
Les Touleuses School.

Donald Trump,
future president of the USA,
at Trump Tower.

The fourteenth of December,
two-thousand and sixteen.

Dear [Donald Trump](#),

[Congratulations](#) on your victory. Despite the fact that we did not support you, we wish you the very best for a [successful presidency](#). Today, we are writing to you because we would like to [express our opinion](#) about your [political ideas](#). And with all due respect, we disapprove some ideas.

As we are [french teenagers](#), you may not take into account our ideas. Nevertheless, you must know that we followed the [American elections](#).

First, we do not share your opinion about the environment, for example, you will remove the Agency to [protect](#) the environment and [save](#) the planet instead destroying it.

Moreover, we were shocked when we heard your ideas about [gun control](#), such as people could have guns everywhere in the USA. So, we are against this, since some people will not make good use of it. Then, we strongly oppose your measures concerning people and it is due to the fact that you want to [eliminate](#) the Obama Care System yet you said yourself that people should have health care.

Besides, we disagree with your point of view about [immigration](#) because of your [denigration](#) of women, muslims and mexicans. Indeed, you said a lot of [controversial things](#) like « Mexicans are rapists » or « women are inferior to men ».

Otherwise, we are in favor of your ideas about [Defense](#) : we think you are right to [reintroduce](#) torture for terrorists because they are dangerous for the World.

To conclude, there are a lot of [political ideas](#) that we do not share with you but as [citizens of the World](#) we must stand [united](#) to make [AMERICA GREAT AGAIN](#).

Sincerly yours.

KEÏTA
