

# Géométrie

CMI

① Repasse les droites parallèles avec droites  $(d_1)$ ,  $(d_2)$  et  $(d_3)$ .

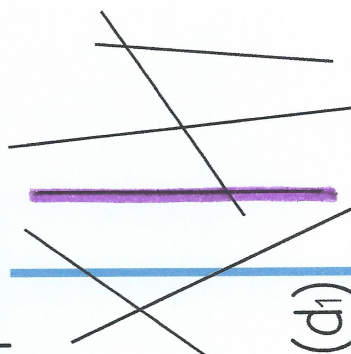

FIGURE N°1

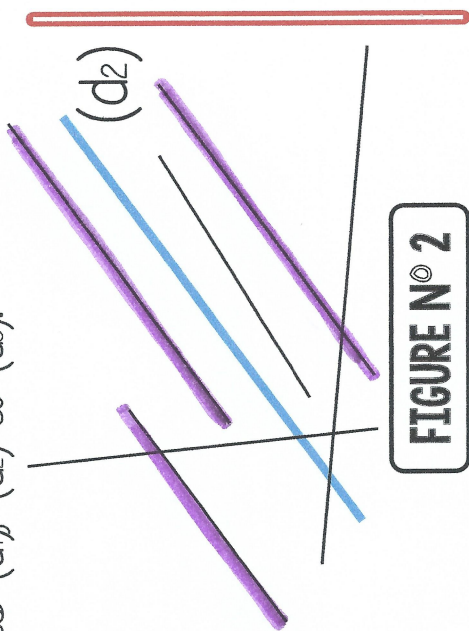

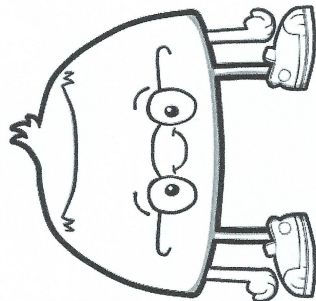

FIGURE N°2

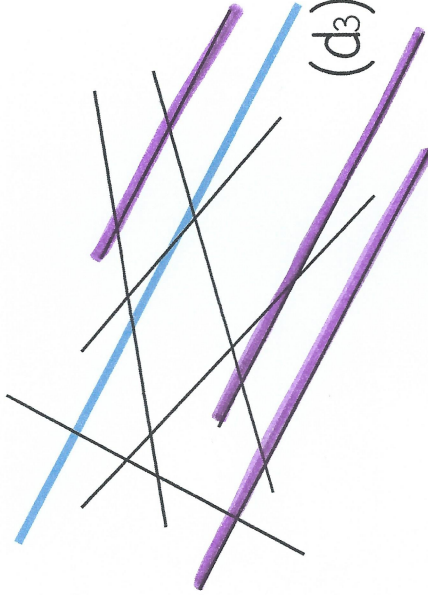

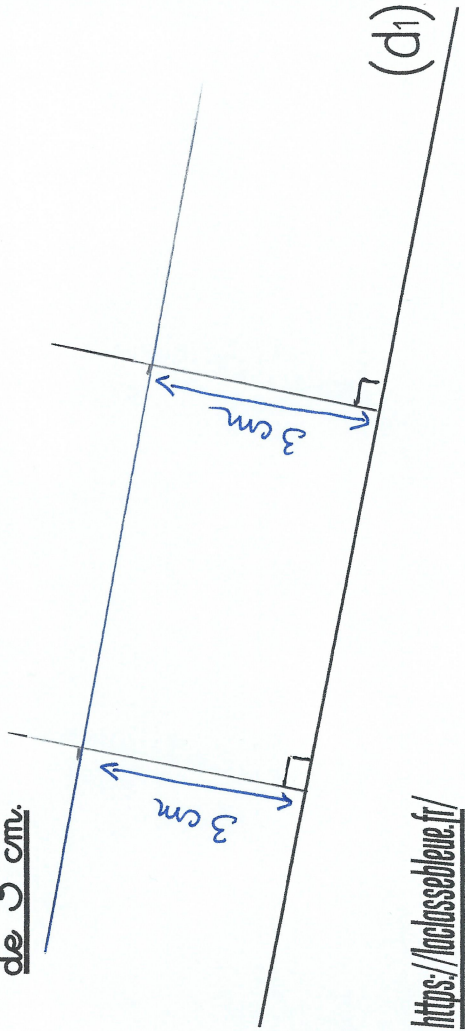

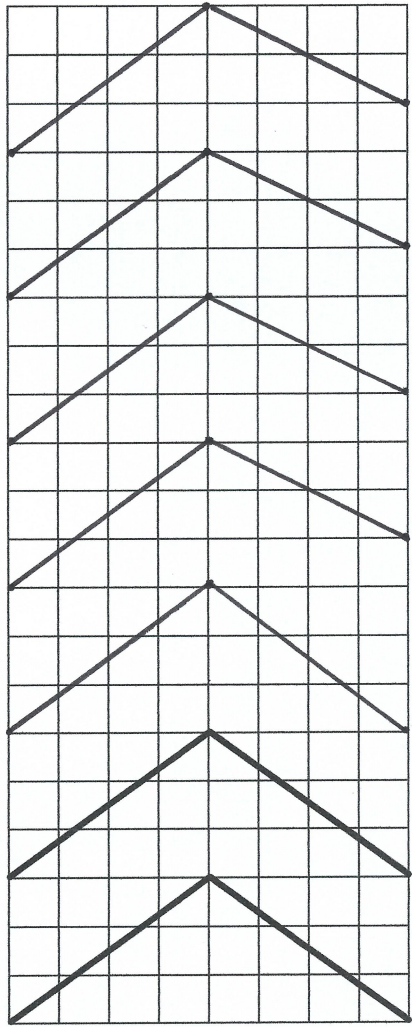

FIGURE N°3

② Trace une droite  $(d_2)$  parallèle à  $(d_1)$  et distante de 3 cm.

③ Continue la frise.

As-tu remarqué que tu as tracé des parallèles ?
