

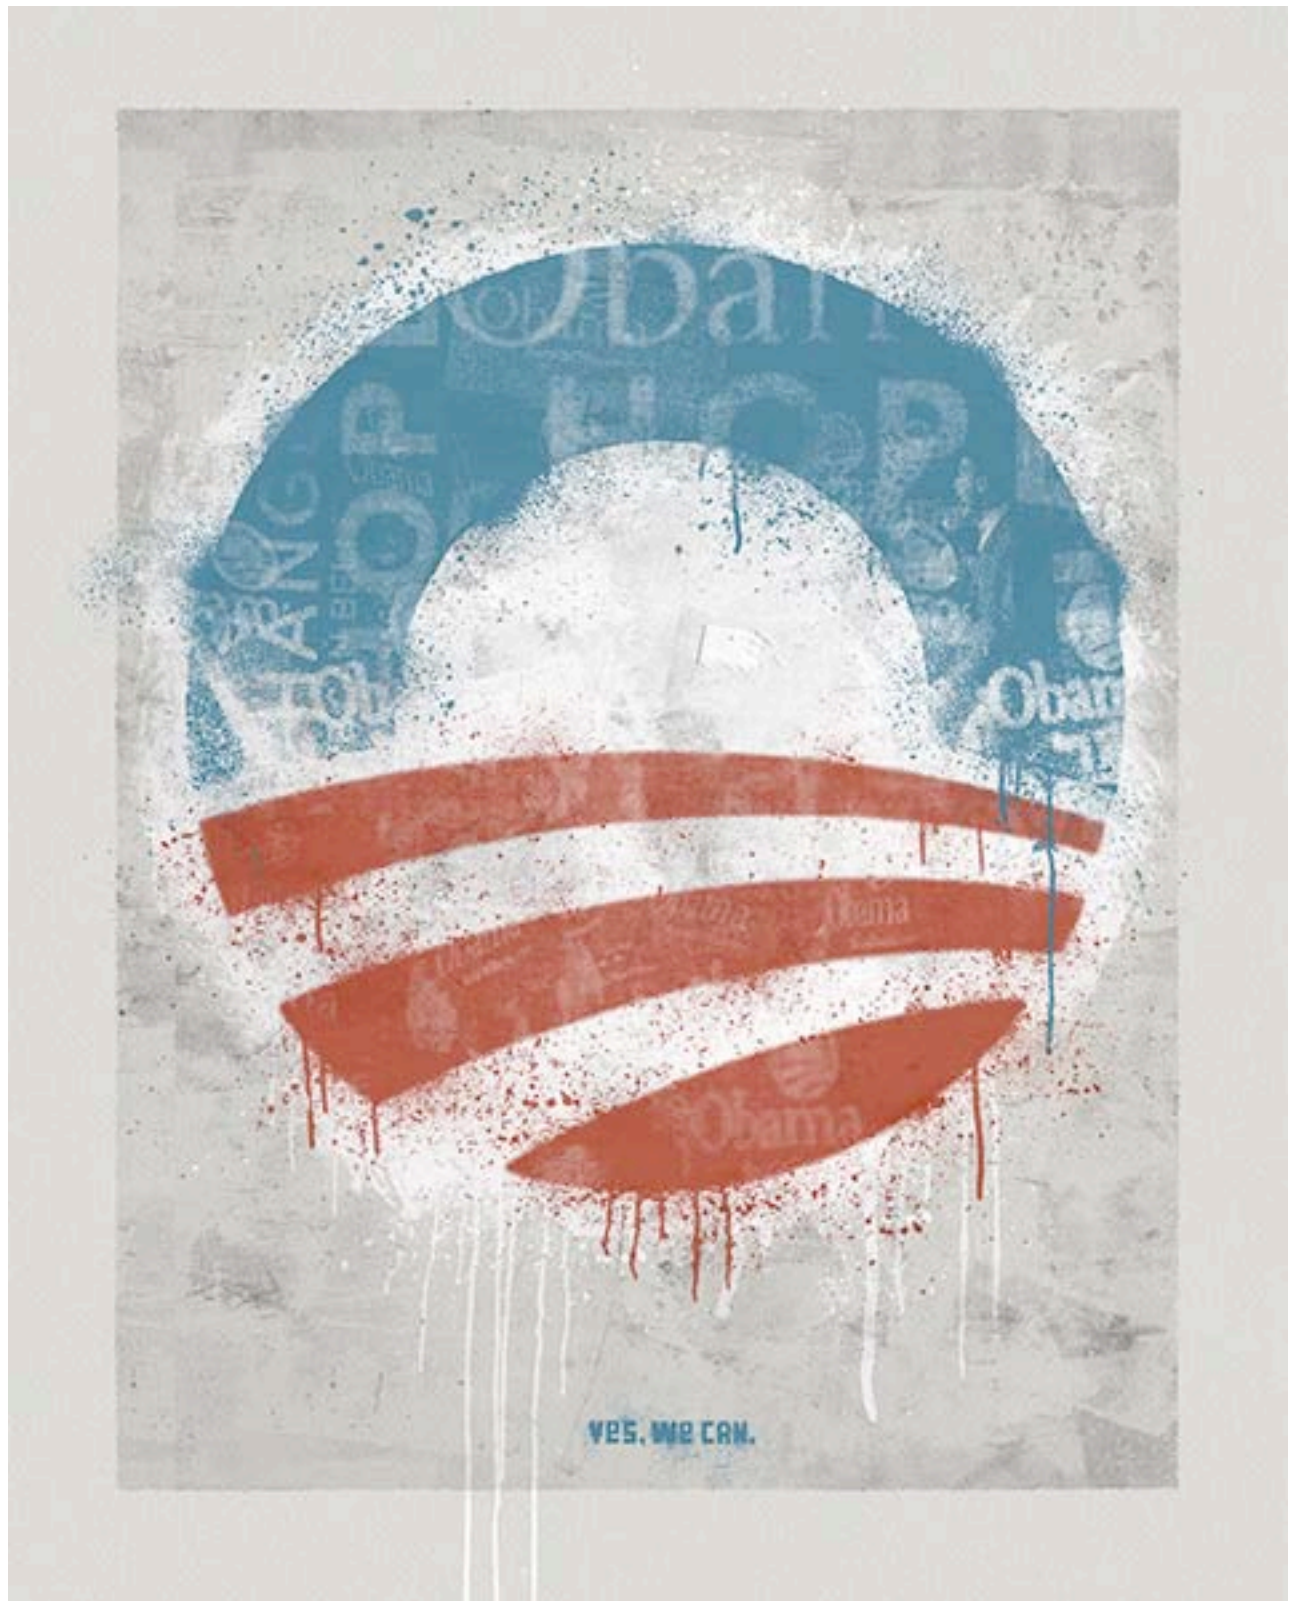

Graphistes et artistes pour Barack Obama : une sélection de 50 posters originaux

Tout au long de sa campagne il a bénéficié d'une communication très maîtrisée, et surtout de nombreux soutiens.

Une multitude d'artistes, reconnus ou non, se sont mobilisés pour apporter leur contribution au candidat démocrate.

De **Shepard Fairey** à Ron English en passant par les graphistes Frank Chimero et Scott Hansen ou encore le photographe Terry Richardson, tous y sont allés de leur création pour exprimer leurs convictions.

Alors que certains posters se limitent à un portrait agrémenté du slogan officiel *-Hope-*, d'autres véhicules des idées fortes et s'inspirent **des méthodes de propagande** pour avoir plus d'impact.

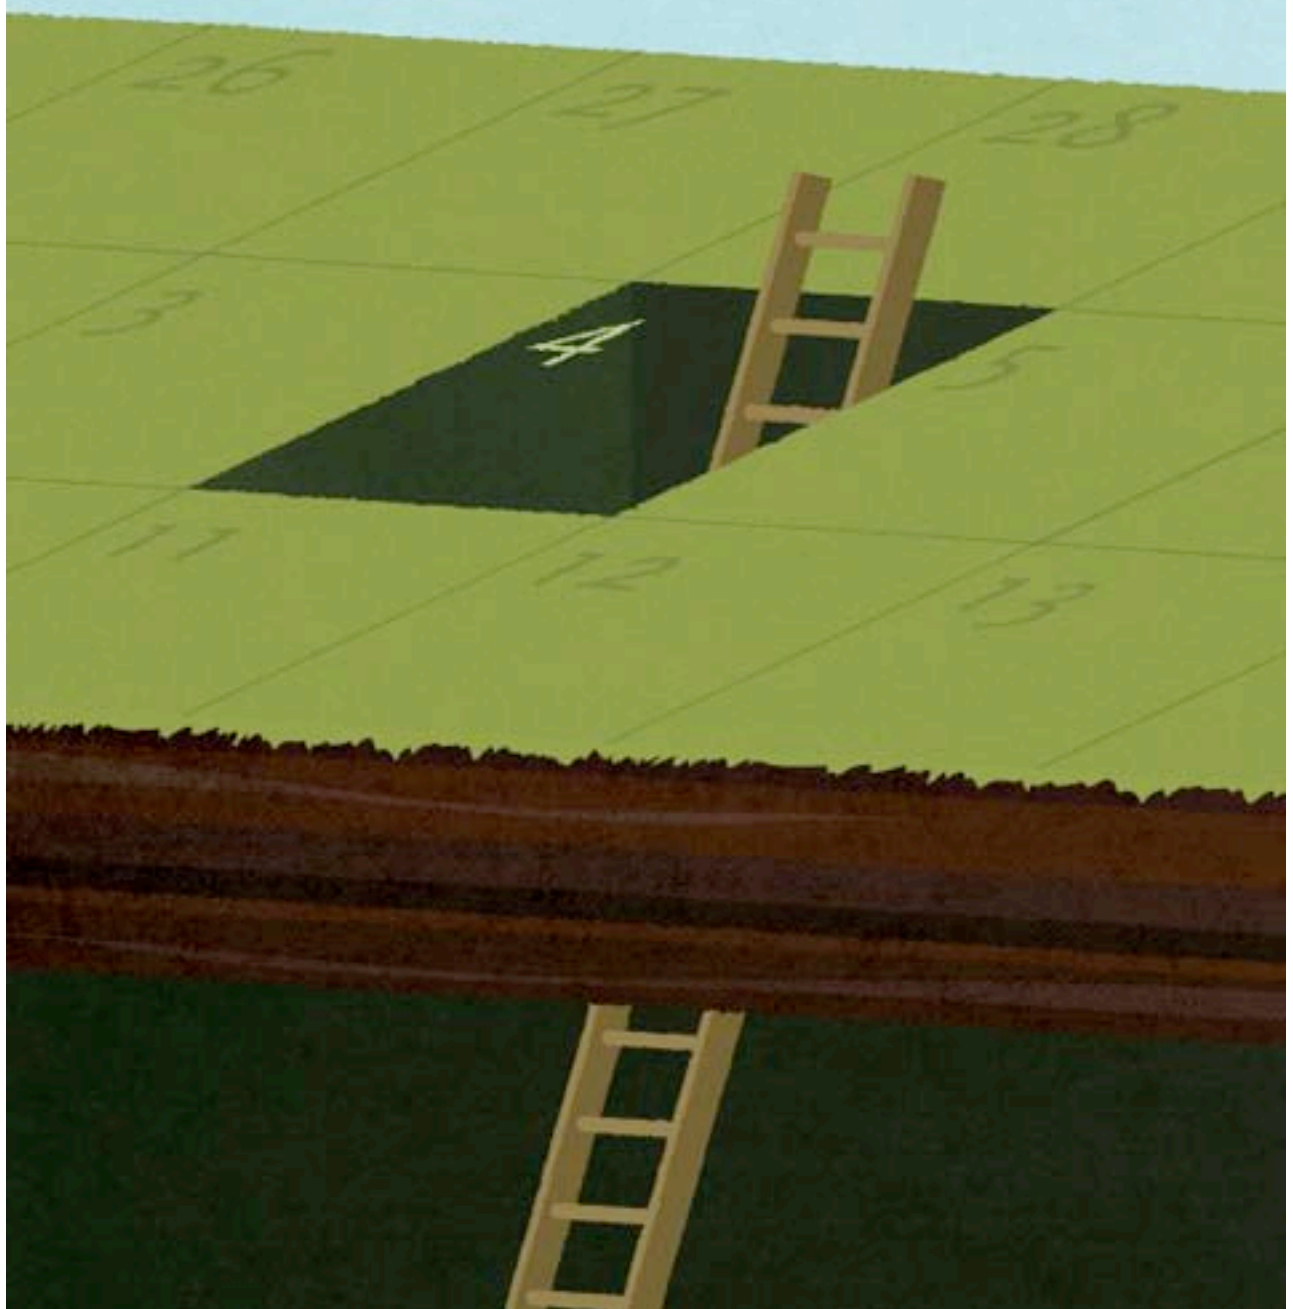

Le **volontariat** est énorme et les créations artistiques sont même revendues sur le [site officiel](#) de Barack Obama, les fonds récoltés servant à financer la campagne.

J'ai trouvé qu'il était intéressant de réunir **tous ces talents qui s'expriment sur une même idée politique**, afin de comparer les styles et les interprétations de chacun.

Découvrez, observez donc la suite et retenez que l'on est ici devant **une campagne plus créative** que celle que l'on connaît habituellement en France...
