

# Ecrire les lettres de l'alphabet en majuscule

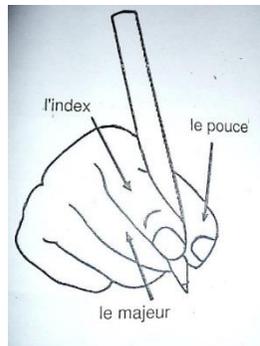

Voici des fiches pour s'entraîner à écrire les lettres de l'alphabet.

Afin de ne pas avoir recours à trop d'impression, vous pouvez glisser ces fiches dans une pochette plastique transparente et écrire par-dessus avec un feutre type Velléda. Comme cela, votre enfant peut effacer et recommencer quand il veut !

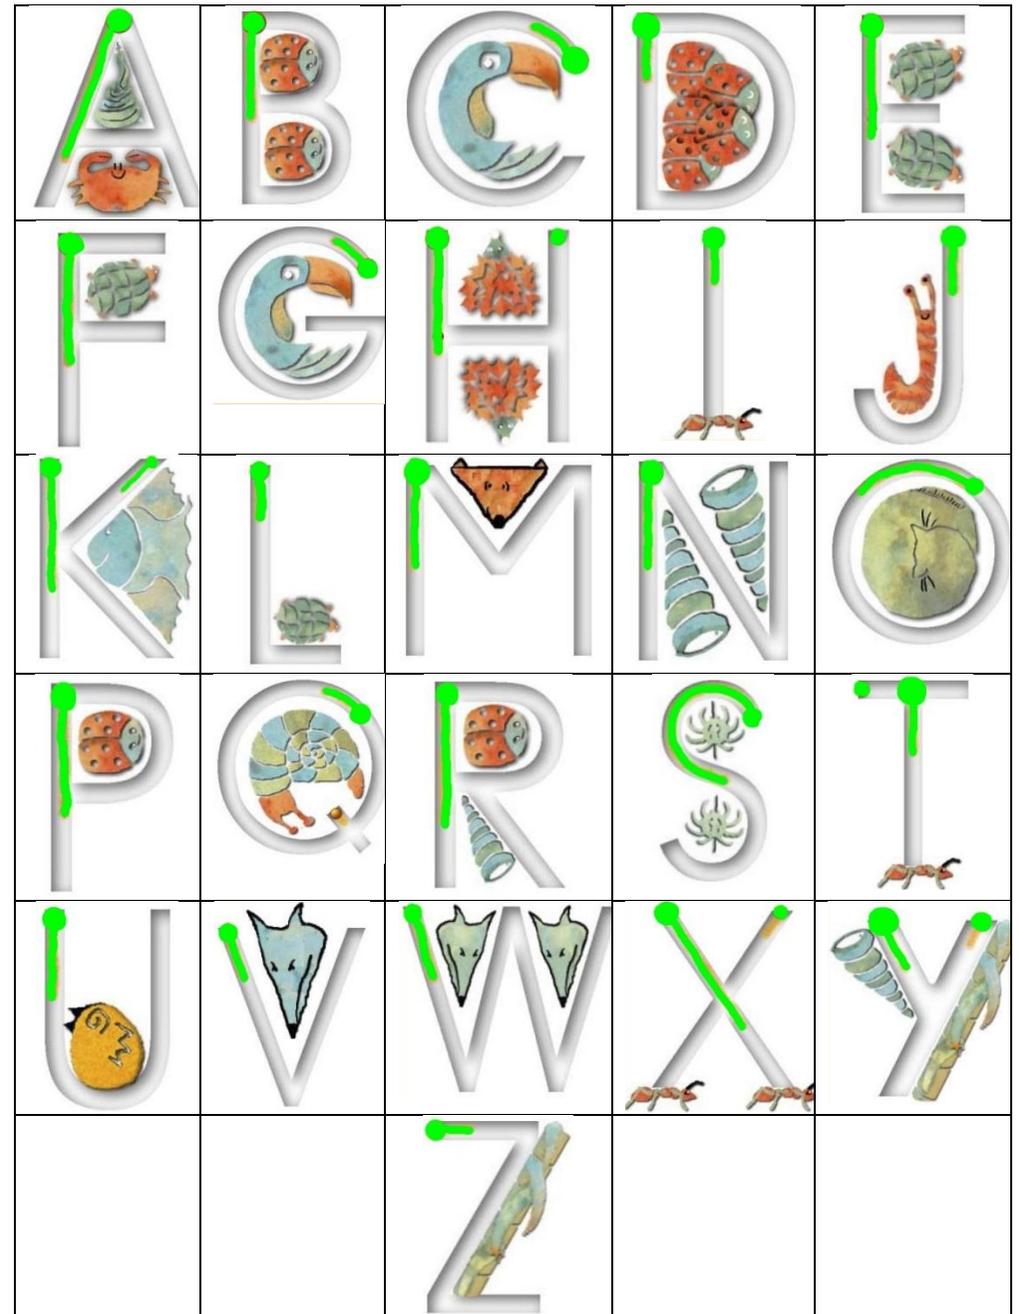

Pour écrire :

- Il faut être bien assis
- Tenir son crayon correctement

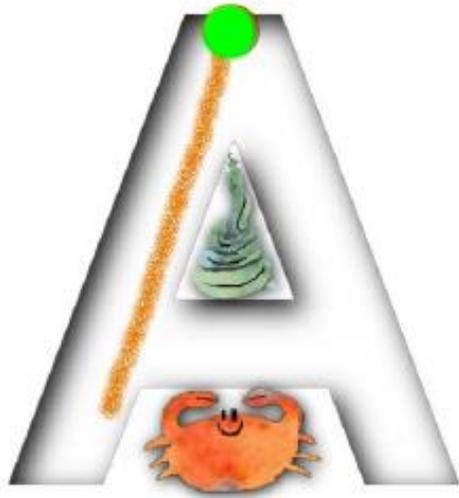

- Commencer au feu vert : les lettres majuscules s'écrivent toujours en commençant en haut. Quand il y a 2 feux verts, on commence par le plus gros.
