

1) **Calcule** les additions en dessinant les **dizaines** et les **unités** comme dans **l'exemple** :

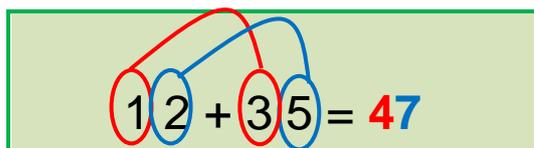

$$21 + 25 = \dots\dots$$

$$13 + 25 = \dots\dots$$

$$32 + 26 = \dots\dots$$

$$32 + 14 = \dots\dots$$

2) **Calcule** les additions comme dans **l'exemple** :

$$45 + 24 = \dots\dots$$

$$31 + 27 = \dots\dots$$

$$53 + 12 = \dots\dots$$

$$13 + 24 = \dots\dots$$
