

L'addition posée (4)

1) Calcule les additions posées.

$$52 + 34 = \dots\dots$$

	dizaines	unités
	5	2
+	3	4
<div style="display: flex; justify-content: space-around;"> </div>		

$$18 + 41 = \dots\dots$$

	dizaines	unités
	1	8
+	4	1
<div style="display: flex; justify-content: space-around;"> </div>		

2) Pose et calcule les additions.

$$34 + 51 = \dots\dots$$

	dizaines	unités
+		
<div style="display: flex; justify-content: space-around;"> </div>		

$$76 + 13 = \dots\dots$$

	dizaines	unités
+		
<div style="display: flex; justify-content: space-around;"> </div>		

$$65 + 3 = \dots\dots$$

	<u>dizaines</u>	<u>unités</u>
+		
<div style="display: flex; justify-content: space-around;"> </div>
