

# Fiche de calculs n°15 (correction)

$$70 + 8 = 78$$

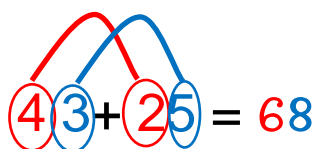

Diagram illustrating the addition of 43 and 25. The tens digits (4 and 2) are circled in red, and the units digits (3 and 5) are circled in blue. A red arrow connects the 4 and 2 to form 6, and a blue arrow connects the 3 and 5 to form 8. The result is 68.

$$43 + 25 = 68$$

$$4 + 60 = 64$$

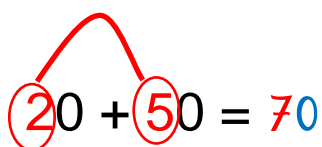

Diagram illustrating the addition of 20 and 50. The tens digits (2 and 5) are circled in red. A red arrow connects them to form 7. The result is 70.

$$20 + 50 = 70$$

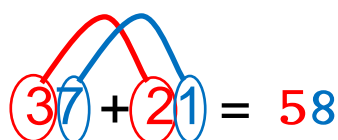

Diagram illustrating the addition of 37 and 21. The tens digits (3 and 2) are circled in red, and the units digits (7 and 1) are circled in blue. A red arrow connects the 3 and 2 to form 5, and a blue arrow connects the 7 and 1 to form 8. The result is 58.

$$37 + 21 = 58$$

$$58 + 2 = 60$$

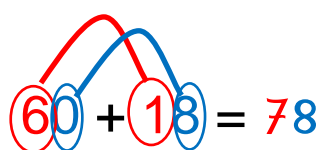

Diagram illustrating the addition of 60 and 18. The tens digits (6 and 1) are circled in red, and the units digits (0 and 8) are circled in blue. A red arrow connects the 6 and 1 to form 7, and a blue arrow connects the 0 and 8 to form 8. The result is 78.

$$60 + 18 = 78$$

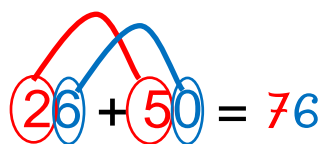

Diagram illustrating the addition of 26 and 50. The tens digits (2 and 5) are circled in red, and the units digits (6 and 0) are circled in blue. A red arrow connects the 2 and 5 to form 7, and a blue arrow connects the 6 and 0 to form 6. The result is 76.

$$26 + 50 = 76$$

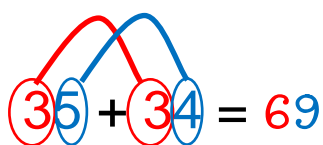

Diagram illustrating the addition of 35 and 34. The tens digits (3 and 3) are circled in red, and the units digits (5 and 4) are circled in blue. A red arrow connects the 3 and 3 to form 6, and a blue arrow connects the 5 and 4 to form 9. The result is 69.

$$35 + 34 = 69$$

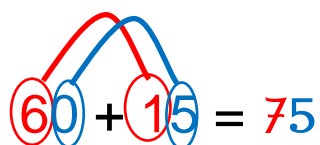

Diagram illustrating the addition of 60 and 15. The tens digits (6 and 1) are circled in red, and the units digits (0 and 5) are circled in blue. A red arrow connects the 6 and 1 to form 7, and a blue arrow connects the 0 and 5 to form 5. The result is 75.

$$60 + 15 = 75$$

$$16 - 4 = 12$$

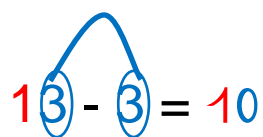

Diagram illustrating the subtraction of 3 from 13. The tens digit (1) is circled in red, and the units digits (3 and 3) are circled in blue. A blue arrow connects the 3 and 3 to form 0. The result is 10.

$$13 - 3 = 10$$

$$15 - 4 = 11$$

$$19 - 5 = 14$$

$$20 - 6 = 14$$

$$36 - 3 = 33$$

$$25 - 2 = 23$$

$$38 - 4 = 34$$

$$46 - 3 = 43$$

$$49 - 4 = 45$$
