

1) **Calcule** les additions en dessinant les **dizaines** et les **unités** comme dans **l'exemple** :

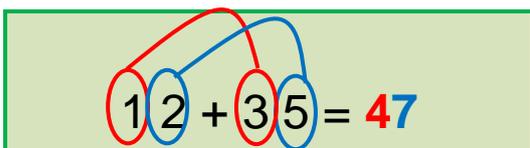

$$32 + 14 = \dots\dots$$

$$21 + 23 = \dots\dots$$

$$21 + 35 = \dots\dots$$

$$23 + 14 = \dots\dots$$

2) **Calcule** les additions comme dans **l'exemple** :

$$53 + 14 = \dots\dots$$

$$43 + 25 = \dots\dots$$

$$36 + 21 = \dots\dots$$

$$17 + 32 = \dots\dots$$
