

1) **Calcule** les additions en dessinant les **dizaines** et les **unités** comme dans **l'exemple** :

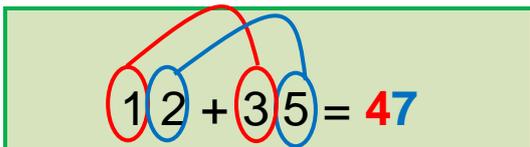

$$31 + 38 = \dots\dots$$

$$42 + 27 = \dots\dots$$

$$66 + 13 = \dots\dots$$

$$40 + 59 = \dots\dots$$

2) **Calcule** les additions comme dans **l'exemple** :

$$54 + 13 = \dots\dots$$

$$57 + 31 = \dots\dots$$

$$36 + 23 = \dots\dots$$

$$48 + 21 = \dots\dots$$
